Shown with extension Module making this unit capable of taking 3 heads.

An attractive modern design to keep your instruments in the right place, instantly ready for use.

With the optional Extension Unit as original equipment or for retro-fitting to the EN 100 you have a system which lets you use three different instruments simultaneously. The EN 100 can also be combined with the AllSpec Tip Dispenser and the GAMMA XXL LF-W Sphygmomanometer to provide a complete diagnostic centre to satisfy the most demanding user.

How to select your personal Diagnostic Centre:

Order the EN 100 Wall Transformer and Extension Unit or additional system components such as the AllSpec Tip-Dispenser or GAMMA XXL LF-W and your choice of 3.5 V instruments individually from among the HEINE range.
